

# YDAY CAMP™

## Got Camp?

For both parents and kids, it's never too early to start thinking about plans for the summer. Parents want to be sure their children are safe, supervised, and engaged in activities that keep their kids' minds and bodies active after school lets out for the summer. Youngsters look forward to the free time, and simply want to have fun and learn something new. YMCAs have been serving communities for than 150 years, and our day camps are a perfect option for parents who are looking for a safe and fun place for their children to build healthy mind, body and spirit this summer.

### CAMP MUNSEE

Join us this summer at Camp Munsee for fun, friends and memories to last a lifetime. Camp Munsee is based out of the Metuchen Branch YMCA. Daily and weekly activities include arts & crafts, sports, games, swimming, hiking and more. The trip fees are incorporated into the price of camp, except where noted on the trip schedule. The trip schedule will be published in early June 2009. K-3 grade trips are Tuesday and Thursday. 4th grade and up trips are Wednesday and Friday.

### Speciality Day Camp for Youth

#### DANCE EXPLOSION

Dance into summer as campers learn Modern, Hip-Hop and Jazz! This fun-filled program will teach campers of all levels an introduction to several different dance techniques. Dance Explosion is led by a professional dance instructor with over 12 years of experience. Campers will learn skills to develop coordination, flexibility and rhythm. Campers are encouraged to dress relaxed. *No jeans or skirts please!*

#### TENNIS

Ready-Set-Serve! Campers at all levels will enjoy our tennis camp. Campers learn to enhance their skills and enjoyment of the game. Campers will have individual and group instruction and drills. Campers are grouped by age and ability, working on forehand and drive, serve, backhand, volley, stance, rules and scoring. Campers are required to bring a racquet and wear sneakers/tennis shoes each day.

#### SCIENCE

Each week-long camp is a hands-on collaborative science program with swimming and other camp activities. Four different 1-week sessions incorporating Chemistry and Physical Science. See growing marshmallows, use gak and slime and understand not-so-simple machines. No prior science experience needed!

#### ART

Encourage imagination and creativity using a variety of mediums including collage, printmaking, painting, sculpture and more. This class emphasizes hands-on exploration and imagination. Your child will also learn art history and art appreciation.
