

MEY

PREPAY SYSTEM

We will be starting the prepay system for swim team meets. This prepay system will be **mandatory** for all swimmers competing in mini meets and USS meets. If you are just doing dual meets than no payment is necessary. Just write out 1 check for a larger amount to cover your swim meets and relays and we will deduct the proper amount for your meet entries and relays. If you don't use all the money we will carry it over to the summer swim season or next year. If you use it all we will send you a note or email you to write another check. There will also be a way to go on to the MEY website and check your account balances. All MEY parents will have the same password to access the list of names with account balances but anyone else accessing the site can't get on without the password. Password will be changed each year due to swimmers leaving this way they will no longer have access.

Amount of the check will be up to you. Some people might want to give more just to avoid writing the checks. Some people might want to give less depending on how many meets their child will swim. Money will be carried over to the next season and if a swimmer leaves he/she will get the remainder of their money back.

We would like everyone planning to swim those extra meets to set up an account and give a check because it is easier on us rather than always tracking down people to get their money and this way when the meet entry forms are handed out you can fill it out right away or older swimmers can fill it out themselves. This way you won't risk the chance of missing the deadline for meet entries. In order to attend **any** mini meets or USS meets this year you will need to start your account and can replenish whenever the account falls low.

Please fill out the form below and put it in an envelope with your check made out to MEYSPTA. Drop off @ Y in the Parents Assoc. mailbox or @ Wardlaw put in the meet entry folder. Please mark envelope PREPAY.

Swimmers name _____

Practice Group _____

Amount of check _____

Parent name _____
